WELCOME TO VIRTUOSO DOORS

The perfect door for you...

Virtuoso are a leading UK manufacturer of high quality composite doors. With a 35 year history of innovation and design, we are committed to bringing you outstanding choice and service.

Our composite doors are manufactured utilising only the best components to create stylish, secure, reliable and durable doors. With the latest CNC machinery and CAD software the doors are precision built to exacting standards. Virtuoso doors offer a high lever of security, with increased resistance to forced entry.

The Virtuoso door slab has reinforced GRP skins as standard and has passed the rigours of PAS24 in line with the Approved Document Q. The 70mm lead free PVCu outer frames are fully reinforced for added strength and security. High security locks and fittings are used as standard on all Virtuoso doors, without compromise.

The 44mm composite door leaf is constructed with fibre glass skins for a beautiful timber-like appearance and a polyurethane core for greater thermal efficiency.

Our Virtuoso composite door has been designed to be beautiful, practical and easy to maintain. We have a multitude of unique door styles, decorative glass, hardware and colour options to compliment any home. No matter what your style of property, we have the door to suit.

Flick through our Virtuoso Collection and start visualising your new dream door today...
